Survey Update

Susan Souders,
Chairperson

Susan Souders, Chair of the sub-committee provided the report. A few surveys have been returned. Methods to obtain a higher survey return were discussed. Surveys will be mailed to Mercy Hospital-Ft. Scott, Neosho Regional Medical Center, and Allen County Hospital. Recommendations will be developed for the executive committee based on the survey results. Based on preliminary data, most of the smaller hospitals do not offer education programs.

A TNCC provider course was completed at Labette County Medical Center in April. The course provider continues to wait on funding from the CITE.

Future Business:

- Review survey results and develop education recommendations for executive committee
- ATLS refresher (or full) course funding and course coordination for this fall
- Needs of EMTs in underserved counties
- Trauma program awareness/education “road show”

The next meeting is scheduled on July 17, 2003 from 1:00 to 2:00 at the Labette County Medical Center in Parsons.
